Comrades:

The California department of the American Legion is insisting this year for the first time that you furnish specific facts concerning war service. They state as a reason that a correct record should be on file in order to at all times furnish proper identification and to serve as a basis for claims, compensations, etc. Therefore, will you please assist us by making out the following card. Otherwise we will not be able to properly certify you as a member of the American Legion.

First Name Middle Name Last Name

Address

Occupation

Branch of Service

Service Serial No.

Date of Enlistment

Date of Discharge

Honorable Discharge?.....
